

Module 1: General Introduction to GST 111: Use of English I

1. What is the purpose of the course "Use of English"?

- a. To study general knowledge
- b. To improve communication in English
- c. To prepare for examinations
- d. All of the above

Answer: d. All of the above

2. English for Academic Purposes (EAP) prepares students to study with English as the medium of instruction in all subjects. What are the four components of EAP?

- a. Listening, speaking, reading, writing
- b. Mathematics, science, history, literature
- c. Grammar, vocabulary, pronunciation, spelling
- d. Syntax, semantics, pragmatics, phonetics

Answer: a. Listening, speaking, reading, writing

3. How many languages are spoken by over 1.5 billion people in different countries?

- a. Over 7,000
- b. Over 100
- c. Over 500
- d. Over 1,000

Answer: a. Over 7,000

4. The knowledge gained from the course "Use of English" should be used for:

- a. Passing the examination in the course
- b. Studying other courses
- c. General improvement in communicating in English

d. All of the above

Answer: d. All of the above

5. What are the objectives of Unit 1: Note Taking and Note Making?

- a. To define note taking and note making
- b. To list the skills involved in note taking and note making
- c. To discuss the techniques for note taking and note making
- d. All of the above

Answer: d. All of the above

6. Note taking is the act of jotting down the main points of a:

- a. Lecture
- b. Textbook
- c. Conversation
- d. Movie

Answer: a. Lecture

7. Note making involves reading a text with a view to obtaining:

- a. A good understanding of the material
- b. A summary of the text
- c. A list of questions for the lecturer
- d. None of the above

Answer: a. A good understanding of the material

8. What are some essential skills required for note taking and note making?

- a. Attentive listening
- b. Distinguishing major points from supporting details

- c. Using intelligible abbreviations and symbols
- d. All of the above

Answer: d. All of the above

9. What technique can be used for effective note taking and note making?

- a. Outlines
- b. Abbreviations
- c. Symbols
- d. All of the above

Answer: d. All of the above

10. What does the SQ3R study technique stand for?

- a. Survey, Question, Read, Recall, Review
- b. Skim, Query, Revisit, Remember, Reflect
- c. Search, Question, Research, Remember, Retain
- d. Study, Query, Read, Remember, Review

Answer: a. Survey, Question, Read, Recall, Review

Module 2: Study Skills Introduction

11. What does this module focus on?

- a. Note taking and note making
- b. Study time and time table
- c. Study techniques and methods
- d. All of the above

Answer: d. All of the above

12. Time management is important for effective academic exercise. What factors should be considered when planning a study timetable?

a.

.Certainly! Here are the remaining questions:

12. Time management is important for effective academic exercise. What factors should be considered when planning a study timetable?

- a. Available study time
- b. Course workload and deadlines
- c. Personal commitments and responsibilities
- d. All of the above

Answer: d. All of the above

13. Which of the following is a study technique that can help improve concentration and focus?

- a. Pomodoro Technique
- b. Mind mapping
- c. SQ3R Method
- d. Cornell Note-Taking System

Answer: a. Pomodoro Technique

14. Which of the following is NOT a recommended study environment?

- a. A quiet and well-lit space
- b. A comfortable and distraction-free area
- c. A crowded and noisy room
- d. A place with necessary study materials and resources

Answer: c. A crowded and noisy room

15. What does the acronym SMART stand for in goal setting?

- a. Specific, Measurable, Achievable, Relevant, Time-bound
- b. Structured, Motivated, Appropriate, Realistic, Timely
- c. Strategic, Meaningful, Aspirational, Resourceful, Targeted
- d. Sincere, Mindful, Accountable, Responsive, Transformative

Answer: a. Specific, Measurable, Achievable, Relevant, Time-bound

16. What is the purpose of setting goals in the study process?

- a. To provide motivation and direction
- b. To ensure academic success
- c. To manage time effectively
- d. All of the above

Answer: d. All of the above

17. What are some effective strategies for managing time during study sessions?

- a. Prioritizing tasks
- b. Breaking tasks into smaller, manageable parts
- c. Setting deadlines for completing tasks
- d. All of the above

Answer: d. All of the above

18. What is the recommended approach for reading academic texts?

- a. Skimming the entire text before reading in detail
- b. Reading one paragraph at a time and summarizing each
- c. Reading the introduction and conclusion only
- d. Reading randomly selected sections for variety

Answer: a. Skimming the entire text before reading in detail

19. What is the purpose of taking breaks during study sessions?

- a. To prevent mental fatigue and burnout
- b. To relax and engage in leisure activities
- c. To improve focus and productivity
- d. All of the above

Answer: d. All of the above

20. What are some effective strategies for improving memory retention?

- a. Practicing active recall and retrieval
- b. Creating mnemonic devices or acronyms
- c. Reviewing and revising information regularly
- d. All of the above

Answer: d. All of the above

Module 3: Effective Listening

21. Effective listening involves:

- a. Paying attention and focusing on the speaker
- b. Understanding the speaker's message
- c. Asking questions for clarification
- d. All of the above

Answer: d. All of the above

22. Which of the following is NOT a barrier to effective listening?

- a. Distractions and noise
- b. Preconceived notions and biases
- c. Active engagement and participation
- d. Language or cultural differences

Answer: c. Active engagement and participation

23. What is the importance of active listening in academic settings?

- a. It helps in understanding complex concepts
- b. It promotes effective communication with instructors and peers
- c. It enhances critical thinking and analysis
- d

. All of the above

Answer: d. All of the above

24. Which of the following is a key component of active listening?

- a. Maintaining eye contact with the speaker
- b. Avoiding interrupting or finishing the speaker's sentences
- c. Reflecting on the speaker's message before responding
- d. All of the above

Answer: d. All of the above

25. What is reflective listening?

- a. Paraphrasing the speaker's message to confirm understanding
- b. Critically analyzing the speaker's arguments and viewpoints
- c. Listening to oneself speak and evaluating communication skills
- d. Paying attention to nonverbal cues during a conversation

Answer: a. Paraphrasing the speaker's message to confirm understanding

26. What is the difference between hearing and listening?

- a. Hearing is a passive process, while listening is an active process

- b. Hearing involves only the ears, while listening involves the mind and attention
- c. Hearing is involuntary, while listening is a conscious choice
- d. All of the above

Answer: d. All of the above

27. How can nonverbal communication impact the listening process?

- a. It provides additional cues and context to the speaker's message
- b. It can reveal the speaker's emotions and attitudes
- c. It helps in interpreting the meaning behind the words
- d. All of the above

Answer: d. All of the above

28. What is empathetic listening?

- a. Listening to understand and share the speaker's feelings and perspectives
- b. Listening without expressing any emotions or reactions
- c. Listening attentively to a recorded lecture or audio material
- d. Listening with the intention of challenging the speaker's arguments

Answer: a. Listening to understand and share the speaker's feelings and perspectives

29. How can active listening skills be beneficial in group discussions and collaborations?

- a. It promotes effective teamwork and collaboration
- b. It helps in generating new ideas and perspectives
- c. It fosters a positive and inclusive group environment
- d. All of the above

Answer: d. All of the above

30. What are some strategies for improving listening skills?

- a. Minimizing distractions during conversations or lectures
- b. Taking notes to capture key points and ideas
- c. Asking questions and seeking clarification when needed
- d. All of the above

Answer: d. All of the above

Certainly! Here are the remaining questions:

Module 4: Effective Note-Taking

31. What is the purpose of note-taking during lectures or while reading?

- a. To capture important information and key points
- b. To aid comprehension and understanding of the material
- c. To provide a reference for review and studying
- d. All of the above

Answer: d. All of the above

32. What are some effective note-taking strategies?

- a. Using abbreviations and symbols to save time
- b. Organizing notes using headings and subheadings
- c. Writing down main ideas and supporting details
- d. All of the above

Answer: d. All of the above

33. What is the Cornell Note-Taking System?

- a. A note-taking method that involves dividing the paper into specific sections
- b. A technique for highlighting important information in a text
- c. A method of summarizing information using bullet points

- d. A strategy for reviewing and revising notes after a lecture or reading

Answer: a. A note-taking method that involves dividing the paper into specific sections

34. Which of the following is a benefit of using technology for note-taking?

- a. Easy editing and organizing of notes
- b. Ability to search and find specific information quickly
- c. Access to digital resources and materials
- d. All of the above

Answer: d. All of the above

35. What is the recommended approach for reviewing and revising notes?

- a. Condensing and summarizing the information
- b. Connecting new information to previously learned concepts
- c. Actively engaging with the material through self-quizzing or practice questions
- d. All of the above

Answer: d. All of the above

36. How can visual aids enhance note-taking?

- a. They help in visualizing and organizing information
- b. They provide a visual representation of complex concepts
- c. They can serve as memory triggers during review
- d. All of the above

Answer: d. All of the above

37. What are some strategies for effective note-taking during lectures?

- a. Listening actively and capturing main ideas
- b. Using abbreviations and symbols to save time

- c. Writing down examples and illustrations provided by the instructor
- d. All of the above

Answer: d. All of the above

38. How can mind maps be used for note-taking?

- a. They visually depict relationships between ideas and concepts
- b. They allow for flexible and nonlinear organization of information
- c. They can be used to generate new ideas and connections
- d. All of the above

Answer: d. All of the above

39. What should you do if you miss a point during a lecture or reading?

- a. Leave a blank space and try to fill it in later with the help of classmates or resources
- b. Guess the missing information based on context and previous knowledge
- c. Ask the instructor or a classmate for clarification after the lecture
- d. All of the above

Answer: d. All of the above

40. How can color-coding be beneficial in note-taking?

- a. It helps in organizing and categorizing information
- b. It makes key points and important details stand out
- c. It aids in quick reference and retrieval of information
- d. All of the above

Answer: d. All of the above

That concludes the questions for this module. If you have any more questions or if there's anything else I can help you with, please let me know!

41. What are some reading purposes mentioned in the passage?

- a) To write a book
- b) To improve vocabulary
- c) To explore new genres
- d) To gain general knowledge

Answer: d) To gain general knowledge

42. Which type of reading involves close study of a reading material for in-depth understanding?

- a) Intensive reading
- b) Extensive reading
- c) Critical reading
- d) Recreational reading

Answer: a) Intensive reading

43. What is the purpose of extensive reading?

- a) To gain specific information
- b) To evaluate the viewpoint of the writer
- c) To read widely outside one's discipline
- d) To entertain oneself or for relaxation

Answer: c) To read widely outside one's discipline

44. What is the main goal of critical reading?

- a) To recall the main points of a text
- b) To read for pleasure and entertainment
- c) To evaluate the writer's viewpoint and opinions
- d) To read a text quickly to locate specific information

Answer: c) To evaluate the writer's viewpoint and opinions

45. Which type of reading is done for pleasure?

- a) Intensive reading
- b) Extensive reading
- c) Critical reading
- d) Recreational reading

Answer: d) Recreational reading

46. What is reading comprehension?

- a) The process of understanding a written material
- b) The ability to read at a fast pace
- c) The skill of scanning a text for specific information
- d) The act of reading without understanding the message

Answer: a) The process of understanding a written material

47. What are the visual elements involved in reading comprehension?

- a) Reader's knowledge and mindset
- b) Reader's experience and motivation
- c) Words in print that the reader can see
- d) Reader's ability to recall and review

Answer: c) Words in print that the reader can see

48. What is the first step in the SQ3R reading technique?

- a) Survey
- b) Question
- c) Read
- d) Recall

Answer: a) Survey

49. What is the purpose of skimming?

- a) To read in-depth and understand details
- b) To quickly locate specific information
- c) To evaluate the viewpoint of the writer
- d) To read widely outside one's discipline

Answer: b) To quickly locate specific information

50. What qualities does an efficient reader exhibit?

- a) Concentration, mental alertness, and speed
- b) Vocabulary knowledge and word recognition ability
- c) Ability to write summaries and recall main points
- d) Ability to read out loud and comprehend better

Answer: a) Concentration, mental alertness, and speed

51. What is the recommended reading speed for an efficient reader?

- a) At least 100 words per minute (wpm)
- b) Between 200 and 400 wpm
- c) Between 400 and 600 wpm
- d) As fast as possible without comprehension loss

Answer: b) Between 200 and 400 wpm

52. What is the purpose of scanning?

- a) To read a text quickly for pleasure
- b) To closely study a text for examination purposes
- c) To read a familiar text to locate specific information

d) To read a text for the in-depth understanding of what is read

Answer: c) To read a familiar text to locate specific information

53. What are the qualities of an efficient reader?

- a) Slow reading pace and word recognition ability
- b) Comprehension and retention of the text
- c) Reading out loud and word-for-word understanding
- d) Reading only in a quiet environment

Answer: b) Comprehension and retention of the text

54. What is the significance of mental alertness in reading?

- a) It helps to skim the text quickly
- b) It enables critical evaluation of the writer's viewpoint
- c) It improves reading speed and word recognition
- d) It helps to read silently without distractions

Answer: b) It enables critical evaluation of the writer's viewpoint

55. What is the purpose of the review step in reading techniques?

- a) To survey the text and get a general idea
- b) To closely read the text and pay attention to details
- c) To recall the main points and test comprehension
- d) To locate specific information by scanning the text

Answer: c) To recall the main points and test comprehension

56. What is the difference between skimming and scanning?

- a) Skimming is for pleasure reading, while scanning is for academic reading.
- b) Skimming is done at a slower pace than scanning.

- c) Skimming is for getting a general idea, while scanning is for locating specific information.
- d) Skimming involves reading every word, while scanning involves reading quickly.

Answer: c) Skimming is for getting a general idea, while scanning is for locating specific information.

57. Why is concentration important for an efficient reader?

- a) It helps to read at a slow pace and understand every word.
- b) It enables the reader to skim and scan effectively.
- c) It improves reading speed and word recognition ability.
- d) It allows the reader to pay close attention and avoid distractions.

Answer: d) It allows the reader to pay close attention and avoid distractions.

58. What does the SQ3R technique stand for?

- a) Skim, Question, Read, Recall, Review
- b) Survey, Question, Read, Recall, Review
- c) Speed, Quality, Readability, Recall, Revision
- d) Sample, Question, Read, Recall, Retain

Answer: b) Survey, Question, Read, Recall, Review

59. Which reading technique involves quickly glancing through a text to identify main points?

- a) Scanning
- b) Skimming
- c) Intensive reading
- d) Extensive reading

Answer: b) Skimming

60. What is the main goal of the recall step in reading techniques?

- a) To read at a good speed of 200-600 wpm

- b) To evaluate the viewpoint and opinions of the writer
- c) To reinforce memory and test comprehension
- d) To locate specific information in a familiar text

Answer: c) To reinforce memory and test comprehension

61. Which of the following is a bad reading habit to be avoided?

- a) Moving the head while reading
- b) Reading aloud or sub-vocalizing
- c) Pointing a finger at the words
- d) All of the above

Answer: d) All of the above

62. What is the purpose of note-making during reading?

- a) To improve reading speed
- b) To memorize every word in the text
- c) To summarize the main points of the text
- d) To check the dictionary for difficult words

Answer: c) To summarize the main points of the text

63. What are some techniques of note-making?

- a) Skimming and scanning
- b) Vocalization and sub-vocalization
- c) Outlines, mnemonics, and diagrams
- d) Regression and back-skipping

Answer: c) Outlines, mnemonics, and diagrams

64. How does note-making help with reading comprehension?

- a) It slows down the reading speed for better understanding
- b) It allows the reader to focus on content words only
- c) It helps the reader retain and recall information from the text
- d) It eliminates the need for dictionary use

Answer: c) It helps the reader retain and recall information from the text

65. When should the dictionary be used during reading?

- a) To look up every difficult word encountered
- b) To find the pronunciation of words
- c) To test reading speed and comprehension
- d) To replace note-making techniques

Answer: b) To find the pronunciation of words

66. What is the purpose of the duality of patterning in language?

- a) To confuse non-human animals
- b) To make language more complicated
- c) To reduce the number of speech sounds in a language
- d) To create a large number of meaningful words from a few meaningless sounds

Answer: d) To create a large number of meaningful words from a few meaningless sounds

67. Which component of language includes the sound system and vocabulary?

- a) Grammar
- b) Phonology
- c) Lexis
- d) Syntax

Answer: c) Lexis

68. What is the main idea of the passage?

- a) The importance of efficient reading techniques
- b) The definition and characteristics of language
- c) The use of mnemonics in note-making
- d) The benefits of dictionary use during reading

Answer: b) The definition and characteristics of language

69. Define language in your own words.

- a) A system of vocal signs used for communication
- b) A collection of words with specific meanings
- c) The rules and patterns that relate words to each other
- d) The ability to spe

61. Which of the following is a bad reading habit to be avoided?

- a) Moving the head while reading
- b) Reading aloud or sub-vocalizing
- c) Pointing a finger at the words
- d) All of the above

Answer: d) All of the above

62. What is the purpose of note-making during reading?

- a) To improve reading speed
- b) To memorize every word in the text
- c) To summarize the main points of the text
- d) To check the dictionary for difficult words

Answer: c) To summarize the main points of the text

63. What are some techniques of note-making?

- a) Skimming and scanning
- b) Vocalization and sub-vocalization
- c) Outlines, mnemonics, and diagrams
- d) Regression and back-skipping

Answer: c) Outlines, mnemonics, and diagrams

64. How does note-making help with reading comprehension?

- a) It slows down the reading speed for better understanding
- b) It allows the reader to focus on content words only
- c) It helps the reader retain and recall information from the text
- d) It eliminates the need for dictionary use

Answer: c) It helps the reader retain and recall information from the text

65. When should the dictionary be used during reading?

- a) To look up every difficult word encountered
- b) To find the pronunciation of words
- c) To test reading speed and comprehension
- d) To replace note-making techniques

Answer: b) To find the pronunciation of words

66. What is the purpose of the duality of patterning in language?

- a) To confuse non-human animals
- b) To make language more complicated
- c) To reduce the number of speech sounds in a language
- d) To create a large number of meaningful words from a few meaningless sounds

Answer: d) To create a large number of meaningful words from a few meaningless sounds

67. Which component of language includes the sound system and vocabulary?

- a) Grammar
- b) Phonology
- c) Lexis
- d) Syntax

Answer: c) Lexis

68. What is the main idea of the passage?

- a) The importance of efficient reading techniques
- b) The definition and characteristics of language
- c) The use of mnemonics in note-making
- d) The benefits of dictionary use during reading

Answer: b) The definition and characteristics of language

69. Define language in your own words.

- a) A system of vocal signs used for communication
- b) A collection of words with specific meanings
- c) The rules and patterns that relate words to each other
- d) The ability to speak multiple languages

Answer: a) A system of vocal signs used for communication

70. Why is it important to avoid back-skipping and regression while reading?

- a) They slow down reading speed and reduce comprehension
- b) They lead to excessive use of the dictionary
- c) They cause vocalization and sub-vocalization
- d) They disrupt note-making techniques

Answer: a) They slow down reading speed and reduce comprehension

71. What are the components that give language its characteristic of duality of patterning?

- a) Meaningful units and grammar
- b) Meaningless sounds and meaningful units
- c) Phonology and lexicon
- d) Syntax and vocabulary

Answer: b) Meaningless sounds and meaningful units

72. Does your language have duality of patterning? Why do you say so?

- a) Yes, because it has a large number of meaningless sounds.
- b) No, because it only uses meaningful words for communication.
- c) Yes, because it follows specific rules in its sound system and vocabulary.
- d) No, because it doesn't have a patterned structure.

Answer: c) Yes, because it follows specific rules in its sound system and vocabulary.

73. What are the parts of the meaningful units of a language?

- a) Phonemes and syllables
- b) Words and phrases
- c) Sentences and paragraphs
- d) Nouns and verbs

Answer: b) Words and phrases

74. What is the purpose of using a dictionary while reading?

- a) To find synonyms for words
- b) To improve reading speed
- c) To understand the etymology of words
- d) To look up specific information about words

Answer: d) To look up specific information about words

75. In summary, what have students been exposed to in this unit?

- a) The importance of efficient reading techniques and note-making
- b) The origins and development of the English language
- c) The use of mnemonics and symbols in reading
- d) The benefits of using a dictionary for reading comprehension

Answer: a) The importance of efficient reading techniques and note-making

76. What is one of the bad reading habits that should be avoided according to the passage?

- a) Moving your head while reading
- b) Vocalizing words aloud while reading
- c) Pointing your finger at every word while reading
- d) Back-skipping or regressing while reading

Answer: c) Pointing your finger at every word while reading

77. What is the recommended approach to understanding the meaning of unfamiliar words while reading?

- a) Using a dictionary for every difficult word encountered
- b) Guessing the meaning from the context and continuing reading
- c) Memorizing all unfamiliar words for future reference
- d) Skipping over unfamiliar words and focusing on known words

Answer: b) Guessing the meaning from the context and continuing reading

78. What is the purpose of note-making while reading?

- a) To practice handwriting skills
- b) To improve memory retention of the text
- c) To create summaries of the main points in the text

d) To replace the need for reading comprehension

Answer: c) To create summaries of the main points in the text

79. What does the term “system” refer to in the definition of language?

- a) The collection of words in a language
- b) The patterns and rules that relate words to one another
- c) The vocal signs used in communication
- d) The conventions followed by human beings

Answer: b) The patterns and rules that relate words to one another

80. What is the purpose of the dictionary according to the passage?

- a) To provide reading texts
- b) To confirm specific information about words
- c) To teach the pronunciation of words
- d) To find synonyms for words

Answer: b) To confirm specific information about words

81. Speech sounds, also known as phonemes, are the smallest phonological units systematically put together to form words. Which of the following is an example of a speech sound in English?

- A) /b/
- B) /s/
- C) /f/
- D) /z/
- E) All of the above

Answer: E) All of the above

82. How can consonant phonemes be classified according to the place of articulation?

- A) Bilabial, labio-dental, inter-dental, alveolar, post-alveolar, palato-alveolar, palatal, velar, glottal
- B) Voiced, voiceless
- C) Plosives, affricates, fricatives, nasals, liquids, glides
- D) Both A) and B)
- E) Both A) and C)

Answer: E) Both A) and C)

83. Which of the following is an example of a monophthong vowel in English?

- A) /eɪ/
- B) /aɪ/
- C) /ɔɪ/
- D) /əʊ/
- E) /aʊ/

Answer: D) /əʊ/

84. Which type of noun refers to things or persons when they are grouped or together?

- A) Common noun
- B) Proper noun
- C) Collective noun
- D) Concrete noun
- E) Abstract noun

Answer: C) Collective noun

85. What is the function of an adverb?

- A) Modifies a verb
- B) Modifies an adjective
- C) Modifies another adverb
- D) All of the above
- E) None of the above

Answer: D) All of the above

Here are some multiple-choice questions and answers for the English Speech Sounds module:

81. Speech sounds, also known as phonemes, are:

- a) The largest phonological units in a language
- b) The smallest phonological units in a language
- c) The building blocks of sentences
- d) The rules governing word formation

Answer: b) The smallest phonological units in a language

82. Consonant phonemes can be classified based on:

- a) The length of the sound
- b) The stress placed on the sound
- c) The state of the glottis during articulation
- d) The pitch of the sound

Answer: c) The state of the glottis during articulation

83. Which of the following is a bilabial consonant phoneme?

- a) /s/
- b) /m/
- c) /r/

d) /ʌ/

Answer: b) /m/

84. Vowel phonemes are classified based on:

- a) The point of articulation
- b) The manner of articulation
- c) The length of the sound
- d) The position of the tongue and lips

Answer: d) The position of the tongue and lips

85. Which of the following is a diphthong?

- a) /p/
- b) /i:/
- c) /f/
- d) /ɔ:/

Answer: b) /i:/

86. Monophthongs are also known as:

- a) Pure vowels
- b) Triphthongs
- c) Consonant phonemes
- d) Affricates

Answer: a) Pure vowels

87. Which of the following is an example of an abstract noun?

- a) Stone
- b) Chair

- c) Joy
- d) Mango

Answer: c) Joy

88. Reflexive pronouns are used to:

- a) Reflect the actions of the subject on itself
- b) Ask questions
- c) Show ownership or possession
- d) Qualify a noun or pronoun

Answer: a) Reflect the actions of the subject on itself

89. Adjectives are used to:

- a) Reflect the actions of the subject on itself
- b) Modify or describe a noun or pronoun
- c) Show ownership or possession
- d) Qualify a verb or adverb

Answer: b) Modify or describe a noun or pronoun

90. Verbs are words used to:

- a) Reflect the actions of the subject on itself
- b) Modify or describe a noun or pronoun
- c) Show ownership or possession
- d) Tell what someone or something does

Answer: d) Tell what someone or something does

Note: The remaining questions and answers for the English Grammar module were not provided. If you would like more questions and answers, please provide the specific topic or content within the English Grammar module.

Apologies for the confusion. Here are some additional multiple-choice questions and answers for the English Grammar module:

91. The sentence “I have been studying English for five years” is an example of which tense?

- a) Past continuous tense
- b) Present perfect tense
- c) Future perfect tense
- d) Past perfect tense

Answer: b) Present perfect tense

92. Which of the following is an example of a coordinating conjunction?
